# About Me..

- Hi. My name is Jatin Sai. I am 10 years old and I am 6G in the Sharjah English School. I first did coding in School and decided to continue it because I liked doing it.

# About My Internship with Clevered..

- I liked the experience with the internship so far because I learned to use old version of scratch and how to add sprites,backdrops,etc in different versions.

# About App..

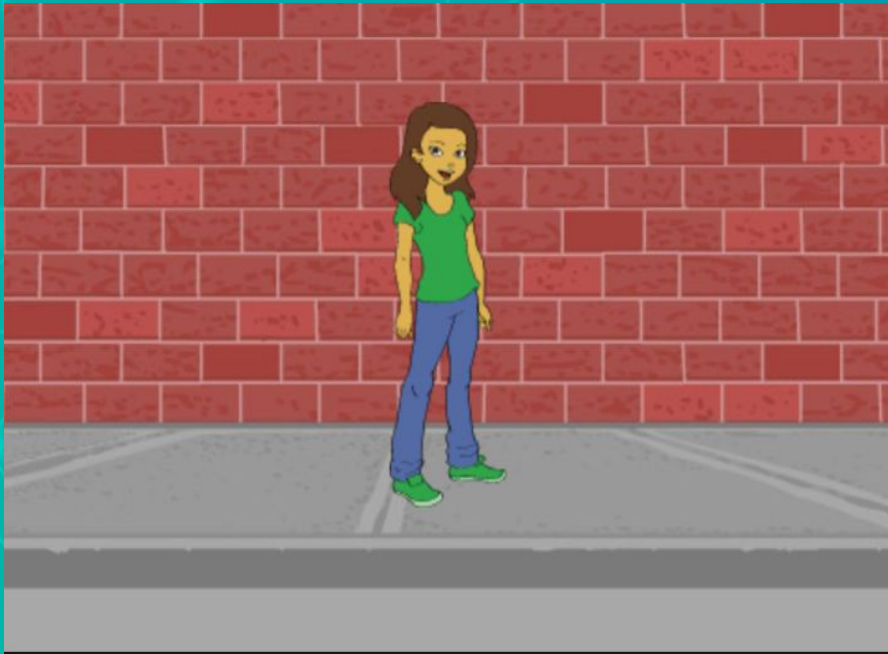

- I created an app that talks about the T20 World cup and it can help society by informing information for deaf and blind people

**How do I use the App?**

# App Information

- The chatbot will ask questions and you can type your answer or you can say it and the chatbot will listen to your answer.
